

## Jon Brundage Associates, Inc.

- Accessibility Consulting
- Web design and analysis
- Training

**Jon Brundage Associates, Inc. will help your organization with all aspects of accessibility for Information Technology.**

Our primary service is the delivery of training. Jon Brundage has trained over 2000 people on many aspects of IT accessibility.

- Section 508
- W3C Web Accessibility Initiative
- Automated Web checking tools
- Screen Readers
- Accessible Software
- Adobe Acrobat (PDF)
- Adobe FLASH

*We have provided training and technical consulting to a wide range of corporations, government institutions, and educational entities.*

Let us help you with any aspect of making your IT accessible.

- Web content- are your pages accessible per the 508 guidelines or W3C Web Accessibility Initiative? We can train your developers as well as help make an analysis of your content.
- Need help with tools such as ACC Verify or Bobby? We will show you how to use them.
- Screen readers- classes are available on using them and how to write content that is usable by them.
- Have you instituted accessibility guidelines? Let us provide training to your staff and help you refine your documentation.
